

# EXPANDED LEARNING OPPORTUNITY PROGRAM

Following an unprecedented year of school closures, distance learning and hybrid schedules due to COVID, California is “roaring back!” with an extraordinary investment in comprehensive after school and intersessional education that is unmatched by any budget in recent history.

*SB/AB130 Education Trailer Bill  
Signed by Governor Gavin Newsom on July 9<sup>th</sup>, 2021*

At Think Together, we believe this is a transformational moment for education. It is an opportunity for more students to benefit from the critical wrap around supports, strong school day alignments, and supplemental education enrichments provided during out-of-school time. The **Expanded Learning Opportunity Program (ELOP)** has the intent and power to improve overall student success toward a remarkably bright future. The time is now, the investment is here:

A **\$5 billion** earmarked investment in expanded learning for K-6 students over 3 years  
*(\$1.75B in Y1: 2021-22)*

**Three additional hours per day** of expanded learning, for a total of nine hours of learning per day

An increase of 30 non-school days to the school year, for a total of **205 days of learning**

LEAs shall receive **no less than \$50,000** for ELO Programs

## Think Together—your total solutions partner,

has the experience and specific expertise, including staffing, management, and curriculum know-how, to support your district or charter school. Think Together programs will maximize equity and access opportunities at your schools and allow your students to benefit from this transformational moment in education.

**DESIGN PLANNING**  
Collaboration in program design and curriculum

**STAFFING**  
Hire, train & manage staff to support student engagement

**PROGRAM IMPLEMENTATION**
